

Computer use and data management

(taken from Employee Handbook)

Policy CQ

The district's electronic communications systems, including its network access to the Internet, are primarily for administrative and instructional purposes. Limited personal use of the system is permitted if the use:

- Imposes no tangible cost to the district
- Does not unduly burden the district's computer or network resources
- Has no adverse effect on job performance or on a student's academic performance

Electronic mail transmissions and other use of the electronic communications systems are not confidential and can be monitored at any time to ensure appropriate use.

Employees who are authorized to use the systems are required to abide by the provisions of the district's communications systems policy and administrative procedures. Failure to do so can result in suspension or termination of privileges and may lead to disciplinary action. Employees with questions about computer use and data management can contact Beverly Thornton.
